Re: Zoning By-law Number 55-19 Housekeeping Amendment

File Number: Z02/24

Date Prepared: November 11, 2024

Date of Public Meeting: November 22, 2024

Recommendation

Under the Planning Act, a public meeting is required to be held to receive comments from citizens on the proposed Zoning By-Law Amendment. Planning staff recommend Council receive public comments for consideration about the proposed amendments, and if no issues come up, approve the following recommendation:

That the administrative housekeeping amendment Zoning By-Law Number 55-19 (File Number Z02/24) **be approved**; and,

That Zoning By-Law Number 55-19 of the Township of North Frontenac, as amended, be further amended, as per Attachment 1 (Draft By-Law to Amend Zoning By-Law Number 55-19); and,

That Council determines that in accordance with Section 34(17) of the *Planning Act*, no further notice is required prior to the passage of the By-Law; and,

That the amending by-law be presented to Council for all three readings.

Background

On July 5, 2019, Council approved Zoning By-law Number 55-19 to Regulate the Use of Land, Buildings and Structures within the Township. Amending By-law Number 70-23 to the Zoning By-Law was approved by Council on October 13, 2023, which included a list of administrative amendments, and provided a consolidated version of the zoning by-law that included previous amendments and their dates of decision by Council.

This report is prepared to provide background information and an explanation of the current proposed administrative amendment for the Public Meeting and to inform Council's decision.

Proposal

The purpose of this housekeeping amendment to the Zoning By-law is to provide administrative updates such as the removal of certain definitions, updates to certain sections, modifications to wording for clarification, and a change to the zoning of one property from Rural (RU) to Mineral Aggregate Extraction (MXE) to recognize an existing aggregate extraction licence. Below is an overview of the proposed amendments to the Zoning By-law. For further details see the attached redlined zoning by-law document.

Definitions Section Changes

Definition for Backyard Chicken is removed because they are now regulated by a separate bylaw. The definition for Backyard Chickens is found in By-law Number 68-22, being a by-law to regulate animals in the Township.

Additional text has been added to the definition of Viewing Platform which clarifies that a viewing platform must be constructed and located entirely on land. The purpose of this is to separate a viewing platform from a dock.

Viewing Platform current definition: means a freestanding deck or area constructed out of permeable material including interlocking concrete pavers, plastic or concrete grid systems, decking or material deemed satisfactory to the Township, with no roof or unenclosed sides but may have a guard and spindle system if required.

Viewing Platform proposed definition: means a freestanding deck or area constructed out of permeable material including interlocking concrete pavers, plastic or concrete grid systems, decking or material deemed satisfactory to the Township, with no roof and unenclosed sides but may have a guard and spindle system if required and is constructed and located entirely on land.

Section 3.1.2(b)(ix) Boathouses:

Clarification is added to the number of docks that are permitted on each property. The current provision permits a maximum of 1 dock on each lot of record, regardless of use. The revised section clarifies that the restriction of 1 dock per lot of record only applies to properties where a residential use is the principal use.

This change effectively provides more flexibility to non-residential properties, such as marinas and campgrounds, to have more than 1 dock. The design, location, and size of docks will be assessed through Site Plan Control applications when a new commercial use is proposed or an existing use is expanded.

Section 3.3 Backyard Chickens:

Backyard Chickens are now regulated through a different by-law. This section is therefore removed in its entirety and now references By-law Number 68-22, being a by-law to regulate animals in the Township.

Section 3.15 Fences:

Fences are now regulated through a different by-law. This section is therefore removed in its entirety and now references By-law #2024-58, being a by-law to regulate fences in the Township.

Section 3.16(d) Frontage and Access – Private Lanes/Rights-of-Way/Easements:

The modification in this section provides clarity on when Private Lanes Policies of the Township Official Plan apply and establishes a minimum surveyed width standard of 9.1 metres (30 feet) standard for easements that provide access to only one lot of record. The purpose of creating additional standards for single access right-of-way is to provide consistency in requirements and ensure that the proposed right-of-way has the potential to be upgraded in the future to accommodate safe and appropriate access for emergency vehicles.

Section 3.27(c)(vi) and Section 3.27(c)(vii) Minimum Distance Separation, Influence Areas, and Special Setbacks – Pits and Quarries:

The modification in this section provides clarity on when the separation distances between sensitive land uses and pits and quarries apply. This section was modified during the previous Housekeeping Amendment (By-law Number 70-23, passed by Council on October 23, 2023). The intent of the modification in the 2023 amendment was to exempt sensitive land uses on a vacant lot of record that is equal to or less than 1 hectare (2.7 acres) in area and vacant lots located in a hamlet from the minimum separation requirements of Subsections ii, iii, iv, and v of the Zoning By-law. The modification however did not achieve this and rather exempted applicants from study requirements and not other planning processes.

The modification to this section proposes wording that corrects the unintended interpretation resulting from the previous amendment.

Section 3.42(a)(i) and Section 3.42(a)(ii) Swimming Pools – Outdoor Pools:

Since fences will be regulated by a new fence by-law, this section was modified to reference the Fence By-law for provisions related to fencing requirements.

Section 4 – Zones:

References to Backyard Chickens removed from all Zones because Backyard Chickens are now regulated by a separate by-law.

Removed Garden Suite from listed of permitted accessory uses on Residential Waterfront (RW) and Limited Service Waterfront (LSW) to align with Section 3.2.7 of the Official Plan and Section 3.17 – Garden Suites of the Zoning By-law which do not permit additional dwelling units or garden suites on waterfront properties.

Site Specific Zoning By-law Amendment – 1970 Mountain Road:

The purpose of this amendment is to correct the zoning on a portion of the property located at 1970 Mountain Road from Rural (RU) to Mineral Aggregate Extraction (MXE). The purpose of this amendment is to recognize that the property has been licensed to extract aggregate prior to Zoning By-law Number 55-19 coming into effect. The current Rural zoning of the property does not permit aggregate extraction.

Pre-application Consultation:

Township staff consulted with County planning staff prior to initiating this amendment.

Public Meeting Process and Public Notice

In accordance with the *Planning Act*, an advertisement was placed in Frontenac News 20 days in advance of the public meeting.

Anyone may attend the public meeting and make a verbal statement, and/or submit comments in writing, either in support of or in opposition to the application.

If a person or public body does not make oral submissions at a public meeting or make written submissions to the Township of North Frontenac in respect of the proposed application, the person or public body is not entitled to appeal the decision of the Township of North Frontenac to the Ontario Land Tribunal.

If a person or public body does not make oral submissions at the public meeting or make written submission to the Township of North Frontenac in respect of the proposed plan before the approval authority gives or refuses to give approval, the person or public body may not be added as a party to the hearing of an appeal before the Ontario Land Tribunal unless, in the opinion of the Tribunal, there are reasonable grounds to do so.

Anyone wishing to be notified of Council's decision on the subject application must submit a written request to:

Algonquins of Pikwakanagan First Nation

A consultation professional representing the Algonquins of Pikwakanagan First Nation met with Township and County planning staff on November 4, 2024 to get a better understanding of the proposal. No concerns regarding the proposed amendment have been raised at the time of drafting this report.

The representative from the Algonquins of Pikwakanagan First Nation advised staff on how the Nation prefers to be contacted on planning applications related to development near natural heritage features (waterbodies and wetlands) and new or expanding aggregate facilities.

Public Comments

At the time of writing this report, County planning staff have not received any comments from the public.

Planning Analysis.

County planning staff are of the opinion that the proposed amendment conforms to the Provincial Planning Statement, 2024, and the County and Township Official Plans.

Provincial Planning Statement (2024)

The Provincial Planning Statement (PPS) provides direction on matters of Provincial interest related to land use planning and development. The PPS promotes efficient land use and development patterns that support strong, liveable and healthy communities, protect the environment and public health and safety, and facilitate economic growth. Under Section 3 of the Planning Act, all municipal decisions regarding planning applications “shall be consistent with” applicable provincial policy.

A majority of the proposed changes to the Zoning By-law are administrative in nature in that they are intended to provide more clarity for definitions, when certain provisions apply, and remove provisions for issues that are now regulated by separate by-laws.

County of Frontenac Official Plan (2016)

The County of Frontenac Official Plan is a framework for guiding development in the County through the management and protection of the natural environment and by providing direction and influence on growth patterns. It is focused on the six themes of economic sustainability, growth management, community building, housing and social services, heritage and culture, and environmental sustainability.

The changes proposed by the Zoning By-Law Amendment are minor in nature because they address administrative issues and clarifications as part of a housekeeping amendment. It is the opinion of planning staff that the proposed changes comply with the County Official Plan.

Township of North Frontenac Official Plan (2017)

The Township of North Frontenac has unique social and environmental conditions that require varied approaches to land development. The Township’s Official Plan creates the objectives and policies for guiding land use changes by protecting and managing the natural environment, directing and influencing growth patterns and facilitating the vision of Council to develop a strong and diverse economy in the Township, and to ensure all aspects necessary for a healthy community are protected, managed and made available to existing and future residents.

County planning staff are also of the opinion that the changes to Section 3.27 pertaining to minimum separation distances between aggregate extraction licenses and new sensitive land uses will not have a negative impact on existing aggregate producers, vacant residential lots, or vacant lots located within Hamlets. This is because the aggregate producers that exist within or nearby Hamlets or are adjacent to vacant residential lots are required to ensure their operations mitigate any impacts of their operations on nearby land uses as part of their license. Therefore, the requirement of a D-series compatibility study for vacant lots that are generally surrounded by similar sized developed lots in proximity to existing aggregate extraction licenses is redundant.

County staff are also of the opinion that providing clarity on number of docks permitted for a commercial use aligns with the intent of the Official Plan. The Official Plan does not restrict the number of docks for commercial uses. Staff are also of the opinion that limiting all properties to one dock within the entire Township conflicts with the practical operation of uses such as marinas or campgrounds. Planning staff note that any proposal to establish a new commercial use or expand a commercial use on the waterfront requires a site plan application which staff can still use to regulate the construction of docks to ensure impact is minimized.

County planning staff are of the opinion that changing the zoning of 1970 Mountain Road to recognize the existing aggregate site constitutes good planning and does not conflict with any of the policy documents listed above. The mismatch between the current zoning of the property (Rural) and the underlying aggregate licence appears to be part of an on-going issue where there is a mismatch between licensed aggregate areas and MXE zoning. This issue originated from mapping changes that were implemented during the Zoning By-law review in 2019 which resulted in some licensed properties to not be zoned as MXE. Planning staff will re-zone these properties from time to time when the error is identified.

Overall County Planning staff are of the opinion that the changes proposed by the Zoning By-Law Amendment are minor in nature because they are administrative issues and clarifications being addressed as a housekeeping amendment. It is the opinion of planning staff that the proposed changes comply with the Township Official Plan.

Conclusion

Planning staff recommend Council receive public comments for consideration about the proposed amendments, and if no issues are raised, approve the amendments to Zoning By-Law Number 55-19.

Part 1 – Application, Interpretation, and Enforcement

1.1 Title of By-law

This By-law may be cited as “the Zoning By-law of the Township of North Frontenac” or for short title as the “Township of North Frontenac Zoning By-law”.

1.2 Scope of By-law

1.2.1 Lands Subject to By-law

The provisions of this By-law shall apply to all lands lying within the corporate limits of the Township of North Frontenac.

1.2.2 Conformity with By-law

No lands shall hereafter be used and no building or structure shall be erected, altered or used within the Corporation except in conformity with the provisions of this By-law and except as permitted by this By-law.

1.2.3 Existing Uses Continued

Nothing in this By-law shall apply to prevent the use of any existing lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose on or before the date of passing of this By-law, so long as it continues to be used for that purpose.

1.3 Plans Approved Prior to the Passing of this By-law

Nothing in this By-law shall prevent the erection or use of any building or structure for a purpose prohibited by the provisions of this By-law, if the plans for such building or structure were approved by the Corporation and a building permit was issued on or before the date of passing of this By-law, provided that: (a) when such building or structure is erected, it shall be used and shall continue to be used only for the same purpose for which the said building or structure was intended when such building permit was issued and shall not be altered in any way except in conformity with the provisions of this By-law; and (b) the erection of such building occurs pursuant to the building permit and said permit is not revoked or expired prior to construction.

1.4 Compliance with Other Restrictions

This By-law shall not be construed so as to reduce or mitigate any restrictions or regulations in any By-law, permit, or license lawfully imposed or issued by the Corporation or by any governmental authority having jurisdiction to make such restrictions or regulations. Nothing in this By-law shall prevent the erection, alteration, or use of a building or structure, nor the use or alteration of a lot for which a minor variance has been granted by the Committee of Adjustment.

1.5 Administration

This By-law shall be administered by a person designated from time to time by Council as the Planning Manager or such other person as the Council designates.

1.6 Inspection

- (a) Subject to Subsection 1.6 b) of this Section, and any other applicable provisions of the Planning Act any officer or employee of the Corporation appointed by Council to administer or enforce the provisions of this By-law, or any person acting under his or her instructions, is hereby authorized, upon producing proper identification, to enter at all reasonable times, upon any property or premises to conduct an inspection of which he or she believes on reasonable grounds may be non-compliant with this By-Law;
- (b) Notwithstanding anything to the contrary in Subsection 1.6 (a) of this Section, no officer or employee of the Corporation shall enter any room or place actually being used as a dwelling unit or part thereof without the consent of the occupier, except under the authority of a search warrant issued under Section 49.1 of the 'Planning Act', or any successors thereto. The occupant shall be informed that the right of entry may be refused and entry made only under the authority of a search warrant.

1.7 Requests for Amendments

Every request for an amendment to this By-law shall be accompanied by a completed copy of the appropriate application form provided by the Corporation, the required supporting material and any associated fees.

1.8 Risk, Expense, and Compliance

The facilities, yards, or other matters required by this By-law shall be provided and maintained at the sole risk and expense of the owner of the lands in respect of such matters as are hereby required and the said owner shall at all times bear full responsibility for ensuring compliance in all respects with this By-law.

1.9 Interpretation of By-law

1.9.1 Definitions

In this By-law, unless the context requires otherwise, the definitions and interpretations set out in Part 2 hereof shall apply. Words not defined shall have the customary meaning or as defined in a standard dictionary.

1.9.2 "Shall" is Mandatory

In this By-law, the word "shall" is mandatory.

1.9.3 "Use" and "Occupy"

In this By-law, unless the context requires otherwise:

- (a) The verb “use” shall include “design to be used”, “arrange to be used”, “intend to be used”, and “permit to be used”; and
- (b) The verb “occupy” shall include “design to be occupied”, “arrange to be occupied”, “intend to be occupied”, and “permit to be occupied”.

1.9.4 Schedules to By-law Part of By-law

Schedules which are attached hereto are hereby made a part of this By-law as fully and to all intents and purposes as though recited in full herein.

1.9.5 Interpretation of Zoning Boundaries

Zone boundaries, where possible, are construed to be lot lines, street lines, centrelines of streets or railway rights-of-way. In the case where uncertainty exists as to the boundary of any Zone, then the location of such boundary shall be determined by using the measurement tool on “Frontenac Maps”.

1.9.6 Multiple Uses

Unless otherwise prohibited by this By-law and provided all the applicable requirements of this By-law are satisfied, a lot, structure, or building may contain more than one use permitted in the designated Zone. Where any land or building is used for more than one purpose, use, or Zone, all provisions of this By-law relating to each use shall be complied with except as otherwise provided for in this By-law. Where there is conflict between the requirements of such uses (e.g. lot size, lot frontage, or yards), the more restrictive requirements shall prevail.

1.9.7 Typographical Corrections

No amendment to this By-law shall be required in order for the Corporation to make typographical changes where, in the opinion of the Corporation, such corrections do not affect the intent of the By-law.

1.9.8 Severability of Provisions

The provisions, sections or subsections of this By-law are hereby declared to be separate from each other and the invalidity of any provision, Section or Subsection does not affect the validity of any other provision, Section or Subsection.

1.9.9 References to Other Legislation and Agencies

Where this By-law makes reference to legislation of the Government of Ontario or the Government of Canada, such reference shall be deemed to include any and all amendments or successors or changes in the titles, numbering, or regulations thereunder. Where this By-law makes reference to the jurisdiction or policy of a public agency and where the name or responsibilities of said public agency are changed, the said reference shall be deemed to include any and all successors to such public agency, legislation or policy.

1.9.10 Compliance with Zoning Requirements

The extent and boundaries of all Zones are shown on the Schedule attached hereto. For all such Zones, both the general provisions and specific Zone provisions shall be met.

The provisions of this By-law shall be held to be the minimum (or maximum, where applicable) requirements adopted by the Municipality. Nothing shall prevent any person from erecting a building or structure or from undertaking any development which is below the maximum (or above the minimum where applicable) requirements of this By-law. Except as otherwise provided in this By-law, no person shall hereafter use any land, buildings or structure unless the use is permitted in the Zone in which it is situated.

1.9.11 Zone Symbols

The short form symbols used on the Schedule attached hereto refer to individual Zones used in the By-law and may be used when describing or making reference to any Zone herein.

1.9.12 Lots in More Than One Zone

Where a lot is divided into more than one Zone, each such portion of the lot shall be used in accordance with the provisions of this By-law for the Zone where such portion of the lot is located. Each such portion of the lot shall be considered as a separate lot for the purpose of measuring setbacks, yards, and lot coverage. Notwithstanding the foregoing, where each such Zone contains duplicated principal permitted uses, only one such principal use shall be permitted on the lot. A permitted accessory use may be located in a separate Zone contained within the lot.

1.9.13 Calculation of Numerical Requirements

Where the application of this By-law results in less than a whole number, the more restrictive requirement shall apply.

1.9.14 Measurement Units

This By-law uses the metric system to establish measurements when such measurements form part of a regulation or a requirement.

1.9.15 Lots Affected by Government Action

Where a lot is reduced in area or frontage by a Government action, such as road widening, property acquisition, or expropriation and the lot is below the minimum lot frontage or area for the Zone as a result of such action, or is already undersized and is made smaller as result of such action, the lot shall be deemed to be in conformity with the requirements, provided all other applicable requirements of the Zone and this By-law are satisfied.

1.9.16 Prohibited Uses

With respect to any lands to which this By-law applies, all uses are prohibited unless specifically permitted in this By-law.

1.9.17 Explanatory Note

All Notes included in this By-law are intended for reference purposes only.

1.10 Penalties

Every person who violates any of the provisions of this By-law is guilty of an offense and upon conviction is liable to a fine prescribed under the Planning Act or other applicable statute. Where a conviction is entered under the Act, in addition to any other remedy or any penalty provided by By-law, the applicable court may make an order prohibiting the continuation or repetition of the offence by the person convicted. Penalties imposed by conviction under this Section shall be recoverable under the Provincial Offences Act.

1.11 Remedies

Where any building or structure is erected, altered, reconstructed, extended, or enlarged, or any building or structure or part thereof is used, or any lot is used, in contravention of any requirements or other provisions of this By-law, such contravention may be removed or altered at the insistence of the Township pursuant to the provisions of the Planning Act, or the Municipal Act. The contravention of any requirement of this By-law may be restrained by action of any ratepayer of the Township pursuant to the provisions of the Municipal Act.

1.12 Repeal of Former By-laws

By-law #15-04 and all amendments thereto passed under Section 34 of the Planning Act, or its predecessor, are hereby repealed and such repeal shall come into effect upon the date that this By-law comes in to force, notwithstanding minor variance decisions approved under By-law #15-04 after January 1, 2018 where the appropriate building permit is obtained by December 31, 2019.

Adoption of this By-law shall not prevent any pending or future prosecution of, or action to abate any existing violation of the said By-laws if the violation is also a violation of any of the provisions of this By-law.

1.13 Effective Date

This By-law shall take effect from the date of its passage by Council, subject to the provisions of the Planning Act.

1.14 Pre-Consultation

Applicants are required to consult with the Township prior to submission of the following applications:

- Application for consents;
- Application for a minor variance;
- Application for site plan control approval;
- Application for official plan amendment; and
- Application for zoning by-law amendment.

Without a pre-consultation meeting and/or submission of all required information or material, the Township of North Frontenac will deem an application incomplete.

1.15 Two Year “Time Out”

No person or public body shall apply to amend this By-law before the second anniversary of the day in which this By-law is approved by Council. Notwithstanding the above, Council may, by resolution, declare that an application may proceed. Any application proceeding during this time period is subject to all the normal Planning Act requirements for public meetings, notices and appeal rights. The resolution may be made in respect of a specific application, a class of applications or respective of such applications generally.

Lot means a parcel of land which is capable of being legally conveyed in accordance with the Planning Act.

Lot Area means the total horizontal area measured within the limits of the lot lines of the lot.

Lot – Corner means a lot situated at an intersection of two (2) or more streets, or at the intersection of two (2) parts of the same street which have an interior angle or intersection of not more than one hundred and thirty-five (135) degrees. Where such street lines are curved, the angle of the intersection of the street lines shall be deemed to be the angle formed by the intersection of the tangents to the street lines, drawn through the extremities of the side lot lines. In the latter case, the corner of the lot shall be deemed to be that point on the street line nearest to the point of intersection of the said tangents. (See Figure D-10 and D-11 below).

Lot Coverage means the percentage of the lot area covered by the footprint of all buildings and structures, including without limitation decks and viewing platforms located on the lot.

Lot Depth means the horizontal distance between the front and rear lot lines. If the front and rear lot lines are not parallel, "lot depth" means the length of a straight line joining the middle of the front lot line with the middle of the rear lot line. If there is no rear lot line, "lot depth" means the length of a straight line joining the middle of the front lot line with the apex of the triangle formed by the side lot lines.

Lot Frontage means a continuous horizontal distance between the side lot lines measured along the front lot line. Where the side lot lines are not parallel, it shall be the width of a lot measured between the intersections of the side lot lines with a line 7.5 metres back from and parallel or concentric to the front lot line.

Lot – Interior means a lot other than a corner or a through lot which is situated between adjacent lots and has frontage on a public street or private lane. (See Figure D-10 and D-11 below).

Lot Line means a boundary line of a lot.

Lot Line – Exterior Side means a lot line located between the front and rear lot lines and dividing the lot from a street. (See Figure D-10 and D-11 below).

Lot Line – Front means:

- (a) In the case of an interior lot with no frontage on a water body, the line dividing the lot from the street line, street allowance, or private lane or registered right of way;
- (b) In the case of a lot with frontage on a public street, private lane or registered right-of-way and on a water body, the front lot line shall be measured on the water side only;
- (c) In the case of a corner lot, the shorter lot line abutting a side which provides ingress or egress from the street shall be deemed to be the front lot line;
- (d) In the case of a corner lot with two (2) street lines of equal lengths, the lot line that abuts the wider street, or abuts a Provincial highway shall be deemed to be in the front line, and in the case of both streets being under the same jurisdiction and of the same width, the lot line where the principal access to the lot is provided shall be deemed to be the front lot line;
- (e) In the case of a lot with water access only, the front lot line shall be on the water side. In the case of a through waterfront lot with water access only, the longest shoreline shall be deemed to be the front lot line;
- (f) In the case of a corner lot abutting a 0.3 metres reserve or other reserve, the lot line so abutting the reserve shall be deemed an exterior lot line and the other lot line abutting the street shall be deemed to be the front lot line;
- (g) In all other cases not described above, the front lot line shall be deemed to be where the principal access to the lot is approved. (See Figure D-10 and D-11 below).

Lot Line – Rear means the lot line furthest from, and opposite to, the front lot line. (See Figure D-10 and D-11 below).

Lot Line – Interior Side means a lot line other than a front, rear or side exterior lot line. (See Figure D-10 and D-11 below).

Lot of Record means an existing, legally created and legally conveyable parcel of land, including a lot in a plan of subdivision, a lot created by consent, and/or any other distinct and separate holding, the deed to which is registered in the Land Registry Office. For further clarification, a lot of record is deemed to be a lot that meets the above criteria and existed as of May 19, 2017.

Lot – Through means a lot having a frontage on two (2) parallel or approximately parallel streets or frontage on a water body on both sides. (See Figure D-10 and D-11 below).

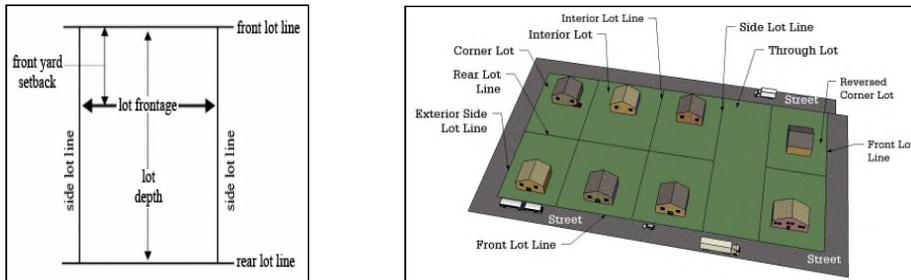

Figure D-10 and D-11 - this drawing is for illustration purposes only and does not form part of the definition.

Lot – Waterfront means a lot abutting a water body or abutting a shore road allowance.

Lot – Width means the average horizontal dimension between the two longest opposite sides.

This definition shall include waste transfer stations and recycling depots, compost sites, hauled sewage or sewage disposal sites and sewage lagoons. This definition shall also include such buildings and structures as are necessary for the

operation and maintenance of waste management facility, and other complimentary uses normally associated with waste management facilities. This definition also includes Solid Waste Disposal Site.

Water Access Lot means a lot that is accessed solely by a navigable water body.

Water Systems

- (a) **Communal Services** means works, that provide for the distribution, collection and/or treatment of water which:
 - i) Are not connected to full municipal water services; and
 - ii) Are for the common use of more than **five (5)** residential units/lots: and
 - iii) Are owned, operated, and managed by a Municipality, or another Public Body; **or** a condominium corporation or single owner which has entered into an agreement with the Township or public body, pursuant to Section 51 of the *Planning Act*, providing for Municipal/public body assumption of the communal services in the event of default by the owner.
- (b) **Individual On-Site Services** means an individual, autonomous water supply that is owned, operated, and managed by the owner of the property upon which the system is located, and which does not serve more than **five (5)** residential units/lots.
- (c) **Partial Services** means connection to one communal service where the other connection will be to an individual on-site system.

Waterfront Activity Area means an area along the waterfront of a residential or commercial lot designed to be used for one or a combination of the following uses: waterfront structures, leisure area and natural beach/swimming area.

Waterfront Structure means a non-habitable single storey building or structure including a sauna or hot tub, a gazebo, a marine storage shed, a viewing platform or a similar structure, built within the 30 metre setback from the high water mark of a waterfront lot, but shall not include a boathouse/boat port or a dock.

Water Body means any bay, lake, river, natural watercourse or canal but excluding a drainage or irrigation channel.

Water Frontage means the strip of land comprising part of a lot that directly abuts a water body, or Shore Road Allowance. When used as an adjective, means a lot or lands that has frontage on a water body or Shore Road Allowance.

Wayside Pit means land from which unconsolidated aggregate is removed by means of open excavation for use in a public undertaking which is legally accessed via a public street or private lane.

Wayside Quarry means a place from which consolidated aggregate is removed by means of open excavation for use in a public undertaking which is legally accessed via a public street or a private lane.

Wellness Centre means a building or part thereof used by professional therapists, doctors, chiropractors, drugless practitioners, professional trainers and nutritionists trained in a range of disciplines such as massage therapy, physiotherapy, naturopathic medicine, chiropractic, acupuncture, homeopathy, orthotics, health counselling and personal training, and may include accessory uses such as administrative offices, physical fitness rooms and waiting rooms, directly associated with the facility.

Wetland means lands that are seasonally or permanently covered by shallow water, as well as lands where the water table is close to or at the surface. In either case the presence of abundant water has caused the formation of hydric soils and has favoured the dominance of either hydrophytes or water tolerant plants. The four (4) major types of wetlands are swamps, marshes, bogs and fens. Lands being used for agricultural purposes, that are periodically "soaked" or "wet", or which no longer exhibit wetland characteristics are not considered to be wetlands for the purposes of this definition.

Wildlife Habitat means areas where plants, animals and other organisms live, and find adequate amounts of food, water shelter and space needed to sustain their populations. Specific wildlife habitats of concern may include areas where species concentrate at a vulnerable point in their annual life cycle; and areas which are important to migratory or non-migratory species.

Windmill/Wind Turbine shall mean any device used or designed to be used for the production of electrical power where wind is the energy source, being a designated structure under the Ontario Building Code if it has a rated output greater than 3kW.

Yard means the area between a building and a lot line that, except for landscaping or accessory buildings, structures and uses and projections specifically permitted elsewhere in this By-law, is unobstructed above grade. (See Figure D-13 below).

Yard, Front means the space extending across the full width of the lot between the front lot line and the nearest part of any main building or structure for which such yard is required. Where a lot has water frontage and uses, buildings, and structures located on the lot that are oriented towards the water, the front yard shall be the space extending across the full width of the lot between the high-water mark and the nearest part of any main building or structure on the water side (whether separated by a shore road allowance or not). (See Figure D-13 below).

Yard, Rear means a space extending across the full width of the lot between the rear lot line and the nearest part of any main building or structure for which such a yard is required. Where there is no rear lot line, the rear yard shall be measured from the intersection of the side lot lines to the closest point of the main building. Where a lot has water frontage and uses, buildings and structures located on the lot are oriented towards the water, the rear yard shall be the space extending the full width of the lot between the lot line opposite the shoreline and the nearest part of any main building or structure for which such yard is required. (See Figure D-13 below).

Yard, Side means a space extending from the **front yard** to the **rear yard** between the **side lot line** and the nearest part of any main building or structure for which such a yard is required. (See Figure D-13 below).

Yard, Side – Exterior means a side yard adjacent to a public street. (See Figure D-13 below).

Yard, Side – Interior means a side yard other than an exterior side yard. (See Figure D-13 below).

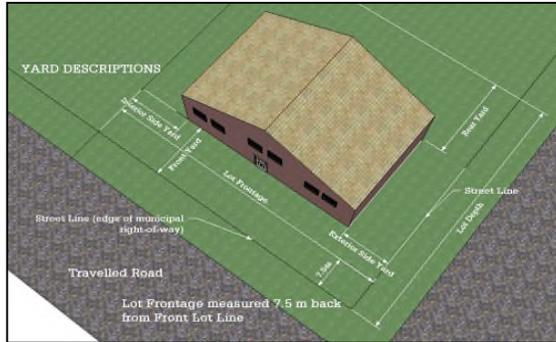

Figure D-13 – this drawing is for illustration purposes only and does not form part of the definition.

Yurt means a circular domed structure that is portable and self-sufficient, usually consisting of a wooden frame covered by felt or canvas.

Zone means a designated area of land use designated on the Schedule attached hereto.

Part 3 – General Provisions

Explanatory Note

The General Provisions Section of the By-law provides the regulations which apply to all properties regardless of the specific zoning (Section 4). Whereas the zones provide site specific controls corresponding to such items as permitted uses and locational restrictions, the General Provisions provide regulations more general in nature, applying to a variety of uses regardless of the Zone in which the uses are located. All lots and uses of property must comply with both the general provisions as well as the specific provisions applicable to the specific lot in Section 4.

All Notes included in this Section are intended for reference purposes only.

3.1 Accessory Buildings, Structures and Uses

3.1.1 General

Where this By-law provides that land may be used or a building or structure may be erected or used for a purpose, that purpose shall include an accessory use, building, or structure located and erected in accordance with the following provisions, unless otherwise indicated in this By-law:

- (a) All accessory uses, buildings and structures to a permitted principal use shall be located on the same lot as the principal use;
- (b) The use of any accessory building for human habitation is not permitted except for uses set out in this Section or where specifically listed as a permitted use in any Zone;
- (c) No accessory use, building or structure shall be erected closer to the front or exterior side lot lines than the minimum yard setbacks required for the main building, unless otherwise specified in this By-law. This provision shall not be applicable to:
 - i) Boathouses, docks and waterfront structures which comply with the provisions of Section 3.1.2;
 - ii) A partially enclosed shelter having a gross floor area less than 9.3 square metres for use by students waiting for a school bus; or
 - iii) One farm produce outlet having a gross floor area of less than 9.3 square metres;
- (d) Unless otherwise specified in this By-law, no accessory use, building or structure shall be erected closer than 3 metres to any interior side, or rear lot line, or to any private lane/right of way;
- (e) Any building or structure which is attached to the main building shall not be considered an accessory building or structure (examples: garage, carport, balcony, deck);
- (f) In the case of buildings and structures in a residential zone which are accessory to a principal use, the combined lot coverage for all such accessory buildings and structures shall not exceed five percent (5%) of the lot area;

- (g) In the case of commercial and industrial Zones, the combined lot coverage of all accessory buildings or structures shall not exceed five percent (5%) of the lot area, unless otherwise specified in this By-law;
- (h) Buildings or structures which are accessory to a residential use shall not exceed 8 metres in height and shall not exceed two (2) storeys;
- (i) Buildings or structures which are accessory to a non-residential use shall not exceed the maximum height provision of the Zone in which the use is located, except that there shall be no height restriction on buildings and structures such as barns and silos which are accessory to an agricultural use;
- (j) Except where specified otherwise, no accessory building shall be erected closer than 3 metres to the main building and other accessory structures;
- (k) Common semi-detached garages or carports may be centred on the mutual side lot line;
- (l) Accessory uses, buildings and structures shall not be erected or established prior to the erection or establishment of the main building or use, except where it is necessary for the storage of tools and materials in connection with the construction of the main use, building or structure and provided that there is a limit of one structure and said structure does not exceed 14 square metres;
- (m) In the case of a water access property a detached garage or storage building may be constructed on a mainland property provided the property is owned by the owner of the water access property that it serves.
- (n) Unless otherwise specified in this By-law, no accessory use, building or structure shall be erected closer than 7 metres to any Township Road.

3.1.2 Boathouses, Docks, Waterfront Structures, Marine Storage Sheds and Pumphouses

The area cleared to construct a waterfront structure shall not exceed the building envelope of the structure and there shall be no undue cutting of natural vegetation or erosion caused by the construction of the structure. Adequate protection for the abutting water body shall be provided during and after construction, until such time as appropriate vegetation is re-established.

A permit from the Conservation Authority may be required and therefore they should be consulted prior to the construction of any dock, structure, or building in, or in proximity to the shoreline. In addition, depending on the scale of the proposal, permission may also be required from the Ministry of Natural Resources and Forestry, and/or the Department of Fisheries and Oceans Canada.

- (a) **Boathouses**
 - i) The maximum gross area of a boathouse shall not exceed 47 square metres;
 - ii) A boathouse shall not exceed 4.5 metres in total height and is limited to a single storey;
 - iii) A boathouse shall not be constructed closer than 3 metres from the nearest adjacent side lot line where the lot abuts another property and 7 metres where the lot abuts an opened or unopened road allowance and

- shall not encroach on adjacent lot lines when the lot boundaries are extended into the water. There is no front yard setback for a boathouse;
- iv) Boathouses may project a maximum of 8 metres into the waterfront.
 - v) Boathouses shall not be permitted to include any plumbing, or contain other accessory uses including a sauna.
 - vi) A maximum of one (1) Boathouse/Boat Port is permitted on each lot.

(b) **Docks**

- i) Docks shall be limited to floating, cantilevered or post dock construction;
- ii) Land below the high-water mark shall not be permanently altered except to accommodate the placement or use of docks as approved by the authority having jurisdiction;
- iii) The surface area of a dock shall not exceed 25 square metres in area regardless of the shape of the dock. Any component of a dock located above the high-water mark and designed to anchor the dock to the waterfront shall be excluded from the calculation except where the dock is constructed parallel to the shoreline, in which case the entire surface area shall be included in the calculation;
- iv) A dock may extend to a maximum of 10 metres from the shoreline, and may not be any wider than 4 metres along the shoreline itself;
- v) A dock shall not be constructed closer than 3 metres from the nearest adjacent side lot line where the lot abuts another property and 7 metres where the lot abuts an opened or unopened road allowance and shall not encroach on adjacent lot lines when the lot boundaries are extended into the water. There is no front yard setback for a dock;
- vi) Despite these dimensions, no dock shall be constructed which constitutes a navigation or safety hazard;
- vii) A viewing platform may be attached to the land side of a dock;
- viii) Commercial docks for new and existing commercial uses may be subject to Site Plan Control Approval.
- ix) A maximum of one (1) Dock is permitted on each lot that permits a residential use as the principal use.-

(c) **Waterfront Structures**

- i) Waterfront structures which are unattached to a main building shall not exceed a combined footprint of more than 20 square metres for all structures within the 30metre setback from the high-water mark.
- ii) Waterfront structures shall not be constructed closer than 3 metres from the nearest adjacent side lot line where the lot abuts another property and 7 metres where the lot abuts an opened or unopened road allowance and shall not encroach on adjacent lot.
- iii) All waterfront structures shall be setback a minimum of 15 metres from the high-water mark with the following exceptions:
 - a. A viewing platform with an area not exceeding 13 square metres shall be permitted with no waterbody setback;

- b. A gazebo with an area not exceeding 13 square metres shall be permitted with a minimum of 5 metres of waterbody setback;
- c. A storage structure for non-motorized crafts with an area not exceeding 5 square metres shall be permitted with a minimum of 3 metres of waterbody setback

(d) Pump Houses

- i) No waterbody setback is required for a pump house;
- ii) Maximum building footprint of a pump house is 1 square metre;
- iii) Minimum side yard setback for a pump house shall be 3 metres;
- ix) Maximum height shall be 3 metres.

(e) Marine Storage Shed

- i) A maximum of one (1) marine storage shed shall be permitted on each lot
- ii) A marine storage shed shall not be permitted on a lot which a boathouse is located.
- iii) The maximum footprint of a marine storage shed shall be 15 square metres.
- iv) The maximum height of a marine storage shed shall be 3 metres, and limited to a single storey.
- v) A marine storage shed shall have a minimum waterbody setback of 15 metres.
- vi) A marine storage shed is not permitted to have any habitable space.

3.1.3 Secondary Dwelling Unit

Where permitted as an accessory use, a secondary dwelling unit may be created provided the following provisions are met:

- (a) A maximum of one (1) secondary dwelling unit per lot is permitted;
- (b) A secondary dwelling unit is only permitted on a lot with a minimum area of 0.4 hectares;
- (c) The secondary dwelling unit is located within a dwelling or in an accessory building or structure on the same lot as the dwelling;
- (d) The minimum lot area conforms with the Zone in which the secondary dwelling is located;
- (e) The secondary dwelling unit has a gross floor area not exceeding 45% of the principal dwelling or 100 square metres, whichever is lesser;
- (f) When a secondary dwelling is located in an accessory building or structure, the structure shall comply with all the provisions of this By-law that relate to accessory buildings and structures;
- (g) The lot area conforms with the Zone in which the secondary dwelling is to be located;
- (h) A secondary dwelling unit is not permitted within a boathouse;
- (i) Access for the secondary dwelling unit shall be provided by an independent entrance or through a common vestibule entrance shared, where the secondary dwelling unit is located within the principal dwelling. If the access is provided at the side or rear of the building, a minimum 1.2 metre-wide walkway shall be

provided from the front (street-facing façade) of the building to the side or rear entrance;

- (j) A minimum of one (1) parking space shall be provided for the secondary dwelling unit. The required parking for the secondary dwelling and primary dwelling is permitted in a tandem arrangement;
- (k) A secondary dwelling unit shall only be permitted if it can be demonstrated that there is an adequate supply of potable water, and adequate capacity for the disposal of waste within the subsurface sewage disposal system;
- (l) A secondary dwelling unit shall be located outside of areas subject to natural hazards; and
- (m) On lands within 300 metres of the high-water mark of an at capacity lake, secondary dwelling units are not permitted.

3.1.4 Sleep Cabin/Loft-Above-a-Garage

Where permitted as an accessory use, one (1) sleep cabin or one (1) loft-above-a-garage shall be permitted per lot as an accessory use to a permitted residential dwelling on a waterfront lot, for occasional use, subject to the following provisions:

- (a) A sleep cabin or loft-above-a-garage shall comply with the accessory building provisions of the Zone in which it is located;
- (b) A sleep cabin or a loft-above-a-garage shall have a minimum footprint of 10 square metres and shall not exceed 19 square metres in footprint;
- (c) A sleep cabin or a loft-above-a-garage may be equipped with a toilet and sink only, provided the associated sewage system is approved by the designated septic approval authority and the sleep cabin or loft-above-a-garage is located outside of the 30 metre waterbody setback. A sleep cabin/loft-above-a-garage shall not have any kitchen facilities;
- (d) A sleep cabin or a loft-above-a-garage shall not be considered dwelling units.
- (e) A sleep cabin or a loft-above-a-garage shall not be located on a lot on which a garden suite or secondary dwelling unit is constructed;
- (f) A sleep cabin or a loft-above-a-garage shall not be located within the 30 metre setback from the high-water mark of a water body;
- (g) No loft-above-a-garage shall be permitted in a non-complying garage without appropriate planning approvals from the Township;
- (h) On lands within 300 metres of the high-water mark on an at capacity lake, sleep cabins and lofts-above-a-garage shall not be permitted.

3.1.5 Sewage Systems

Notwithstanding any other provision of this By-law, all sewage systems shall be subject to the following provisions:

- (a) A Class 1 sewage system (privy) shall be setback a minimum of 15 metres from the high-water mark of all waterbodies/ watercourses/ wetlands. This minimum setback shall only apply where it is not possible to meet the 30 metre waterbody setback.
- (b) All sewage systems other than a Class 1 sewage system shall be setback a minimum of 30 metres from the high-water mark of all wetlands/ waterbodies/ watercourses.
- (c) All other setbacks for a sewage system shall be in accordance with the Ontario Building Code.
- (d) A sewage system is permitted to be located in the front yard where the front yard is on a Township Road or private lane.
- (e) A sewage system is permitted on a vacant lot, provided that the sewage system meets all setback provisions of this zoning by-law, the provisions of the Ontario Building Code, and has a permit issued by the designated septic approval authority.
- (f) An existing holding tank may be replaced in the same location with an increase in footprint and/or volume, if required.

3.2 Auto Service Station, Gasoline Bar, Car Wash

Notwithstanding any other provisions contained in this By-law, for all Zones within which an auto service station, gasoline bar, and/or car wash is permitted, the use shall comply with the lot size and setback requirements of the Zone in which it is located.

- (a) Notwithstanding any other provisions in this By-law, the minimum distance between any overhead canopy and any lot line shall be 5 metres; and
- (b) A buffer strip with a minimum width of 3 metres shall be provided along all of the property lines.

3.3 Backyard Chickens

Please refer to By-law Number 68-22, being a by-law to regulate animals in the Township of North Frontenac, as amended

~~Notwithstanding Section 3.17 of this By-law, the keeping of backyard chickens shall be excluded from the definition of a Hobby Farm and shall be permitted on all properties that are zoned to permit a single detached dwelling unit. These provisions are not intended to restrict agricultural uses in permitted Zones. The following conditions/restrictions shall apply:~~

- ~~(a) Properties must have a minimum of 0.2 hectares;~~
- ~~(b) On residential properties hens may be kept and housed in an enclosed, roofed coop or structure based on the following:~~

Formatted: Normal

Lot Size	Number of Hens Permitted	Maximum Coop Area	Maximum Coop Height
0.2 hectares to 1.2 hectares	Maximum six (6) Hens	Maximum 3-metre square	Maximum 4.5 metres
Over 1.2 hectares to 4 hectares	Maximum twelve (12) Hens	Maximum 10 square metres	Maximum 4.5 metres
Over 4 hectares	Maximum twenty-five (25) Hens	Maximum 15 square metres	Maximum 4.5 metres

- ~~(c) The keeping of roosters is prohibited;~~
- ~~(d) Hens must be kept in an enclosed/fenced hen run when not in their coop;~~
- ~~(e) Hen coops and runs shall be located a minimum distance of 7 metres from the rear and interior side lot lines;~~
- ~~(f) Hen coops and runs are not permitted in any exterior side yard or front yard;~~
- ~~(g) Hen coops and runs shall be maintained in a clean condition and kept free from obnoxious odours, substances and vermin; and be designed to ensure proper ventilation and sufficient space for the hens;~~
- ~~(h) Stored manure shall be kept in an enclosed structure, such as a compost bin;~~
- ~~(i) No hens, hen runs/yards or coops shall be located within 30 metres of any water body.~~

3.4 Bed and Breakfast

- (a) A Bed and Breakfast as herein defined shall be permitted as an accessory use to any permitted single detached dwelling subject to the following requirements:
 - i) The use of the dwelling as a Bed and Breakfast shall not change the residential character of the property;
 - ii) A Bed and Breakfast shall only be permitted where listed as an accessory use in the Zone in which the lands are located;
 - iii) A Bed and Breakfast shall not be subject to the home-based business requirements of Section 3.4 of this By-law;
 - iv) The requirements for the provision of off-street parking spaces shall be in accordance with Sections 3.31 and 3.32 of this By-law;
 - v) One (1) sign may be permitted to advertise the Bed and Breakfast that shall not exceed 2 square metres in surface area and shall not be back-lit. The permitted sign may be a freestanding sign in a front or side yard, or a rear yard where the lot abuts a waterfront or may be attached to a wall of a permitted building or structure. The sign may be illuminated by lights where the illumination is directed directly onto the sign; and
 - vi) The Bed and Breakfast shall be operated by the owner or the lessee of the single detached dwelling.

3.5 Buffer Strip

- (a) Where a lot is used for a primarily non-residential purpose in any Zone and the side or rear lot line abuts a residential use and/or portion of a street, the opposite side of which abuts a residential use, then a buffer strip along the abutting lot line(s) in the case of the primarily non-residential use shall be provided and maintained on the lot in accordance with the following provisions:
- i) Where a buffer strip is required, it shall have a minimum width of 3 metres measured perpendicular to the lot line it abuts. The buffer strip shall only be required to visually obscure the area of land actually used by the non-residential use from the adjacent residential use;
 - ii) A buffer strip shall consist of a continuous, unpierced hedgerow of evergreens or shrubs, not less than 1.2 metres high at maturity or a 1.2 metres high berm or privacy fence or combination thereof provided the land is adequately obscured. The remainder of the strip shall be planted with shrubs, flower beds, grass or a combination thereof; and
 - iii) In all cases where ingress and egress driveways or walks extend through a buffer strip, it shall be permissible to interrupt the strip within 3 metres of the edge of such driveway or within 1.5 metres of the edge of such walk.

3.6 Buildings or Structures during Construction

Nothing in this By-law shall prevent the use of land or the use or erection of a building or structure or a scaffold or other equipment essential to the construction in progress for which a building permit has been granted.

In addition, temporary accommodation for a business or other use which is intended to occupy a building which is under construction with the work in progress on such building may be temporarily permitted on the same lot in the form of a mobile, relocatable, portable or transportable building provided:

- (a) Building permit approval is obtained pursuant to the matters contained herein;
- (b) Such temporary accommodation is removed from the lot immediately upon completion of construction, abandonment of construction or at such time as in the opinion of the Township it is no longer required.

3.7 Buildings to be Moved

No building or structure shall be moved within the limits of the Township or shall be moved from outside the Township into the Township unless the building or structure and the use thereof is a permitted use and satisfies all the requirements of the zone in which it is to be located.

3.8 Cannabis Production and Processing Facility

Notwithstanding any other provision of this By-law, any Cannabis Production and Processing shall be subject to the following provisions:

- (a) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control may be located closer to any Residential Zone or Commercial Zone than 70 metres;
- (b) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is equipped with air treatment control may be located closer to any dwelling, public school, private school, place of worship, or day care nursery than 150 metres;
- (c) No lands, building or structure or portion thereof used for Cannabis Production and Processing purposes that is not equipped with air treatment control may be located closer to any dwelling, public school, private school, place of worship, or day care nursery than 300 metres;
- (d) A building or structure used for security purposes for Cannabis Production and Processing may be located in the required front yard and does not have to comply with the required minimum front yard, side yard, and rear yard setbacks;
- (e) Outdoor storage is prohibited on the property in which the Cannabis Production and Processing is located;
- (f) Cannabis Production and Processing shall only be permitted within the Zones as explicitly indicated in this Zoning By-law;
- (g) All development in relation to the establishment of or expansion to Cannabis Production and Processing shall be subject to Site Plan Control.

3.9 Change of Use

A use of lot, building or structure which, under the provisions hereof is not permissible within the Zone in which such lot, building or structure is located, shall not be changed except to a use which is permissible within such Zone or as otherwise authorized by the Approval Authority under the Planning Act.

3.10 Commercial Forestry Operations

Commercial Forestry Operations, as defined herein, shall be permitted in all Zones, subject to any By-law of the Township regarding Forestry or Tree Preservation and subject to the following provisions:

- (a) Clearcutting shall be prohibited within the Natural Vegetation Buffer;
- (b) Selective cutting is permitted in the area commencing at a point of 15 metres inland from the high water mark of a waterbody up to 30 metres from the high water mark;
- (c) Additional tree removal within 30 metres of the high water mark of a waterbody shall only be permitted where trees are marked for removal by a certified Tree

Marker, Registered Forester or Certified Arborist, or where tree removal takes place by a Registered Professional Forester;

- (d) In the case where a property is under a forestry plan the requirements of this By-law would not apply.

3.11 Day Nurseries – Private or Licensed

Day nurseries shall be permitted in all Zones where residential uses are permitted as a principal use. Such day nurseries shall comply with the provisions of the underlying zone.

3.12 Equestrian Establishment

An equestrian establishment shall only be permitted on a lot with a minimum lot area of 4 hectares and shall be subject to the Minimum Distance Separation (MDS) Criteria.

3.13 Established Building Line in Built-up Area

Despite any yard and setback provisions of this By-law to the contrary, where a permitted building or structure is to be erected on a non-waterfront lot or on the non-waterfront side of a waterfront lot, where there is an established building line extending on both sides of the lot on the same side of the street to a maximum total distance of 200 metres, such permitted building or structure may be erected closer to the street line, or the centre line of the street as the case may be, than required by this By-law provided such permitted building or structure is not erected closer to the street line or the centre line of the street, as the case may be, than the established building line. All other provisions of this By-law shall apply.

3.14 Exception Zone

Where a zone symbol is followed by the suffix "-X" this shall mean that a specific exception is being made to one or more of the standards of that zone for a specific area governed by the By-law. All other provisions of the By-law shall continue to apply. A number after the "-X" (e.g., R-X1) indicates the order of the various exception zones.

3.15 Fences

~~Please refer to the Township Fence By-law number, [TBD], being a by-law to regulate the height and type of fences in the Township of North Frontenac, as amended.~~

~~Notwithstanding any other provision of this By-law, all fences shall be subject to the following provisions:~~

- ~~(a) The maximum height of a fence along an interior side or rear lot line for a residential or recreational commercial use shall be 2 metres;~~
- ~~(b) The maximum height of a fence along a front lot line or exterior lot line for a residential use or a recreational commercial use shall be 1.5 metres;~~

Formatted: Normal
Commented [SB1]: Updated to reflect the text in the amending by-law.

- ~~(c) The maximum height of a fence along any lot line in the General Commercial (GC), or Industrial (I) Zones, or on lands used primarily used for commercial or agricultural purposes, shall be 3 metres;~~
- ~~(d) Barbed wire fences and electric fences may only be used for agricultural purposes, utilities, an impound lot, commercial operations where security is required, or for Municipal purposes;~~
- ~~(e) No fence shall be erected that may pose a safety hazard due to obstruction of a sight triangle.~~

3.16 Frontage and Access

No person shall erect any building or structure in any Zone unless the lot upon which such building or structure is to be erected has frontage on and direct access to a public street, a private lane, a Township Road Allowance (subject to an Agreement) or right-of-way/easement as per the requirements of the respective Zone within which the lot is situated.

(a) Water Access Lots

- i) Notwithstanding the foregoing, this provision shall not apply to any permitted use on an island or water access lot. For island or water access lots no parking is required on the principal lot provided that adequate vehicular parking area and boat launching facilities are provided on the mainland.
- ii) The requirements below for mainland parking area and boat launching facilities access shall not apply to an existing island or water access lot; however, the creation of any new water access lot shall be in accordance with the following provisions:
 - 1) A minimum of two parking spaces shall be required for each dwelling unit, in accordance with Sections 3.31 and 3.32 of this By-law.
 - 2) Legal use of mainland parking area and boat launching facilities shall be tied in perpetuity (legal agreement registered on title) to the water access lot(s) for which the building permit is sought.
 - 3) The mainland area used for parking and boat launching facilities shall have sufficient size for parking and sufficient water frontage for boat dockage on the same lot.
 - 4) The parking area shall be setback a minimum of 15 metres from the high-water mark.

(b) Provincial Highways

All development adjacent to any Provincial Highway is subject to the requirements and permits of the Ministry of Transportation.

(c) Township Roads

Lots which have frontage along a public street shall be required to obtain an entrance permit and civic address number subject to the requirements of the Entrance By-law and Civic Addressing By-law.

(d) Private Lanes/Rights-of-Way/Easements

- i. Newly created lots on a private right-of-way easement that provides access to more than one lot ~~All newly created lots that will be accessed by a private lane/right-of-way/easement~~ shall be subject to the Private Lane Policies contained in the Township of North Frontenac Official Plan.
- ii. Single access right-of-way easements that provide access to only one lot shall have a minimum surveyed right-of-way width of 9.1 metres (30 feet).

3.17 Garden Suites

Subject to the passing of a site-specific ‘Temporary Use By-law’ under Section 39.1 of the Planning Act, a Garden Suite may be permitted as a separate dwelling unit to a permitted main residential use subject to the following provisions:

- (a) A garden suite shall not be located on a lot on which a sleep cabin, a secondary dwelling unit or a loft-above-a-garage is also located;
- (b) The minimum lot area conforms with the Zone in which the garden suite is to be located;
- (c) The maximum footprint of the garden suite shall be 50 square metres;
- (d) The maximum height of a garden suite shall be 6 metres or the average height of the main buildings on the subject lot, whichever is the lesser;
- (e) The minimum separation distance from the principal dwelling is 3 metres;
- (f) The garden suite shall be located in a rear or interior side yard and shall meet the minimum yard requirements and maximum accessory lot coverage requirements set out in the corresponding Zone;
- (g) Adequate servicing and parking spaces shall be provided on the lot; and
- (h) A garden suite shall not be permitted on a waterfront lot.

3.18 Hazardous Sites

Buildings and structures shall not be permitted to locate in hazardous sites where the use is:

- (a) An institutional use associated with hospitals, day nurseries, continuum-of-care facilities, retirement homes and private or other schools or similar uses;
- (b) An essential emergency service such as that provided by fire, police and ambulance stations and electrical substations; and
- (c) Associated with the disposal, manufacture, treatment or storage of hazardous substances.

3.19 Hobby Farms

Hobby Farms, as defined herein, shall be considered an accessory use to a residential use and shall be permitted in all Zones in which a single detached dwelling house is permitted as a principal use in accordance with the following provisions:

- (a) The minimum lot size for a hobby farm shall be 2 hectares;
- (b) A hobby farm shall not be permitted in the Hamlet Zone;
- (c) A hobby farm shall be restricted to one livestock facility to house livestock generating not more than four (4) nutrient units (as defined herein);
- (d) The livestock facility shall comply with the provisions for accessory buildings and structures described in Section 3.1;
- (e) The livestock facility shall comply with the Minimum Distance Separation requirements as defined by the Ontario Ministry of Agriculture, Food and Rural Affairs; and
- (f) On lots abutting a waterbody, all buildings, structures, yards, pens and areas intended for livestock shall be located a minimum of 150 metres from the high water mark of all waterbodies.

3.20 Holding Provisions

Where any Zone symbol as shown on the attached schedules is followed by the symbol 'H', this signifies that the use of the land is restricted. The holding classification added to a given zone shall prohibit development of the land until such time as the policies of the Official Plan related to holding zones are complied with. While a holding zone is in effect only existing uses, and uses specifically identified in the individual holding zone, are permitted and no person shall use the land for any new use or erect, alter or enlarge any building or structure on said land until such time as the holding symbol has been removed by the Township in accordance with the provisions of the Planning Act.

This Section shall not prevent the renovation of any building or structure on a property zoned with a Holding symbol, provided such alteration or renovation will not increase the height, size or volume, or change the use of such building or structure.

Once the Holding Symbol 'H' is removed, the lands shall be used in accordance with the permitted uses and regulations of the associated Zone.

3.21 Home Based Business

- (a) The following uses shall be considered as a home-based business use accessory to any residential use:
 - i) Office
 - ii) School – Private
 - iii) Respite Care or Day Nursery provided that no residential accommodation is provided on a permanent basis
 - iv) Personal service establishment
 - v) Pet Grooming

- vi) Studio
- vii) Antique sales
- viii) Farm produce outlet; or
- ix) Tradesperson's establishment.

(b) Home-based businesses shall be permitted provided that:

- i) The use is clearly secondary to the use of the dwelling unit and shall be located within the dwelling unit and/or an accessory building which complies with the provisions of this Section;
- ii) Where instruction is carried on (e.g. instructional services), there shall not be more than five (5) pupils instructed at any given time;
- iii) No more than two (2) home-based businesses shall be permitted on a single lot;
- iv) Not more than twenty-five percent (25%) of the gross floor area of a dwelling unit, up to a maximum of 50 square metres, or up to a maximum of 50 square metres of an accessory building, may be used for home-based business purposes. Where two (2) home-based businesses exist on a single lot, the maximum gross floor area used for the combined businesses shall not exceed a maximum of 50 square metres ;
- v) The home-based business shall be operated by the owner or occupant of the dwelling unit within which it is located and shall not employ more than two (2) non-household members who work on-site;
- vi) The use does not create nor become a public nuisance in particular in regard to noise, traffic, parking, or health and safety, and shall not be noxious use, trade, business or activity;
- vii) A retail store as defined herein shall not be permitted;
- viii) One (1) sign may be permitted to advertise a home-based business that shall not exceed 2 square metres in surface area and shall not be back-lit. The permitted sign may be a freestanding sign in a front or side yard or may be attached to a wall of a permitted building or structure. The sign may be illuminated by lights where the illumination is directed directly onto the sign; and
- ix) Parking shall be provided in accordance with Sections 3.31 and 3.32 of this By-law.

3.22 Illumination

Illumination of buildings and grounds shall be permitted in accordance with the Township's lighting guidelines (as amended from time to time) enacted by the Township under the authority of the Municipal Act.

3.23 Kennels

Unless otherwise indicated in Zoning By-law Number 55-19, provisions regarding the placement of kennels on individual lots shall be governed by the Township of North Frontenac Animal Control By-law, as amended from time to time.

3.24 Legal Non-Conforming Uses and Non-Complying Structures

- (a) **Continuance of Existing Uses (Non-Conforming)**
Nothing in this By-law shall apply to prevent the use of any land, building or structure for any purpose prohibited by the By-law if such land, building or structure was lawfully used for such purpose as of the passing of the By-law, so long as it continues to be used for that purpose.
- (b) **Prior Building Permits**
Nothing in this By-law shall prevent the erection or use of any building or structure for which a building permit has been issued under the Ontario Building Code prior to the passing of this By-law, so as long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided the permit has not been revoked under the Ontario Building Code.
- (c) **Road Widening**
Nothing in this By-law shall prevent the use of any land, building or structure or the erection of any building or structure on a lot which does not comply to the minimum lot frontage and/or lot area and/or front yard setback and in the case of a corner lot, the side yard setback, as a result of a road widening taken by the Township of North Frontenac or the Ministry of Transportation, provided all other requirements of this By-law are complied with.
- (d) **Renovation, Repair or Reconstruction of an Existing Non-Complying/Non-Conforming Building or Structure**
Nothing in this By-law shall prevent the renovation, repair or reconstruction of an existing non-complying/non-conforming building or structure including a sewage system provided such renovation, repair or reconstruction does not:
- i) Expand, enlarge or increase the height, size, volume, footprint or gross floor area of the original non-complying building or structure or sewage system; or
 - ii) Relocate the building or structure from its original footprint.
 - iii) An increase in volume of an existing non-complying/non-conforming building or structure due to the replacement and/or addition of windows (e.g., dormer windows, bay windows) is permitted without planning approvals provided the addition of these windows does not have the effect of increasing the gross floor area of the building or structure.
- (e) **Existing Undersized/Undeveloped Lots**
Notwithstanding anything else contained in this By-law, where an existing lot of record having a lesser frontage and/or area than is required by this By-law is held under distinct and separate ownership from adjoining lots, according to the register for land in the Land Titles, or Registry Office, as of the passing of this By-law, it may be used for a purpose permitted in the Zone in which the said lot is located, provided it:
- i) Can be adequately serviced with water and sewage systems;

- ii) Has a building envelope compliant with all performance standards in this By-law; and
- iii) All other applicable provisions in this By-law are complied with.

3.25 Live/Work Units

Where a live/work unit is a permitted use, the following uses shall be permitted: Antique Sales, Bakery, Catering Establishment, Day Nursery – Private, Distribution Sales Office or Mail Order Sales, Farm Produce Outlet, Maple Syrup Processing and Sales Establishment, Office, Personal Service Establishment, Pet Grooming but not including overnight keeping and boarding of animals, Printing and Publishing Establishment, School – Private, Studio, Veterinary Establishment, and Wellness Centre.

Live/work units shall be permitted where specifically defined as a permitted use, subject to the following provisions:

- (a) New live/work units and conversions of buildings to live/work units may be subject to Site Plan Control;
- (b) The living and working uses shall be balanced (maximum fifty-five percent (55%) work use and forty-five percent (45%) living use) and shall be located within the structure and not an accessory building;
- (c) Occupancy of the residential space shall be restricted to the operator of the business;
- (d) Where instructional services are provided, there shall not be more than five (5) pupils instructed at any one time;
- (e) The business shall be operated by the owner or occupant of the dwelling unit within which it is located, and shall not employ more than two (2) non-household members;
- (f) The use shall not create or become a public nuisance, in particular with regard to noise, traffic, parking or health and safety, and shall not be a noxious use, trade, business or activity;
- (g) One (1) sign, not to exceed 2 square metres in area shall be permitted to advertise the business. The sign may be a freestanding sign in a front or side yard or may be attached to a wall of a permitted building or structure. The sign shall not be back-lit; however, it may be illuminated by lights where illumination is directed directly onto the sign;
- (h) Sufficient parking to meet the needs of the business and residential uses, in compliance with Sections 3.31 and 3.32 of this By-law, shall be accommodated on the subject property.

3.26 Loading Requirements

For every building or structure for a commercial, institutional or industrial use, involving the shipping, loading or unloading of persons, animals, wares, merchandise or other goods, there shall be provided and maintained loading facilities or spaces in accordance with the following requirements:

- (a) Each loading space shall have a minimum height clearance of 4.25 metres and shall be at least 3.75 metres wide by 7.50 metres long if situated inside of or at right angles to a building or structure or 3.75 metres wide by 9.0 metres long if situated parallel to the wall of a building or structure;
- (b) Loading spaces shall be located in a building or structure, an open rear yard, or an open side yard, on the same lot on which the main use is located, provided such a space shall be in an area whose distance from lot line to building or structure is not less than 7.50 metres and shall have unobstructed ingress and egress to and from a public street by means of a driveway, land or aisle of a minimum width of 6 metres.
- (c) The number of required loading spaces shall be based on net floor area of the building or structure as follows:

i) Commercial and Institutional Uses:

<u>Net Floor Area</u>	<u>Spaces Required</u>
0 – 200 square metre	0
200 – 500 square metre	1
over 500 square metre	2

ii) Industrial:

<u>Net Floor Area</u>	<u>Spaces Required</u>
0 – 500 square metre	1
500 – 200 square metre	2
over 2000 square metre	3

- (d) The loading space requirements stated above shall apply to areas of any expansion or enlargement to such buildings or structures for which building permits have been issued after the date of passing of this By-law.

3.27 Minimum Distance Separation, Influence Areas and Special Setbacks

No person shall use any land, building or structure unless it complies with the following minimum distance separations, influence areas or special setbacks except where such distances have been waived or reduced by a public authority, where upon the revised distance, influence area or setback shall apply. Separation distances, influence areas or setbacks shall be measured as set out for the respective requirement.

(a) **Livestock Facility, Manure Storage and Aerobic Digester**

- i) Any livestock facility, manure storage or material storage facility shall comply with Minimum Distance Separation Formulae II, as amended by the Province from time to time;
- ii) All new development after the date of passing of this By-law shall comply with the Minimum Distance Separation Formulae I as amended by the Province from time to time.

- iii) Where development of a sensitive land use is proposed on a vacant lot of record having an area of 2 hectares (5 acres) or less MDS 1, shall not apply.
- (b) **Waste Management Facility**
 - i) The influence area of a waste management facility shall be measured 500 metres from the perimeter of the active fill area boundary of the waste management facility to the nearest proposed land use. No sensitive land use shall be permitted within the influence area unless a compatibility study is prepared by a qualified professional to evaluate environmental conditions, and the presence of and impact of any adverse effects or risks to health and safety and to recommend any remedial measures to be taken;
 - ii) No development or land use shall be permitted within 30 metres of the perimeter of the active fill area boundary of an active waste management facility;
 - iii) No waste management facility shall be permitted within 30 metres of any water body or on land covered by water or in any area subject to flooding.
- (c) **Pits and Quarries**
 - i) The setbacks for pits and quarries from property lines shall be as set out in the Aggregate Resources Act;
 - ii) The influence area around a **pit** shall be 300 metres measured from the property line of a sensitive land use and the license boundary of the pit.
 - iii) The minimum separation distance shall be 70 metres measured from the lot line of the sensitive land use and the license boundary of the **pit**;
 - iv) The influence area around a **quarry** shall be 500 metres measured from the property line of a sensitive land use and the license boundary of the quarry.
 - v) The minimum separation distance shall be 300 metres measured from the lot line of the sensitive land use to the license boundary of the **quarry**. No sensitive land use shall be permitted within the influence area of a **quarry**, with the exception of a dwelling unit for the owner/operator.
 - vi) Where development of a sensitive land use is proposed on a vacant lot of record located within a defined settlement area and within the influence area of an existing **pit**, ~~an impact assessment (D-series guidelines) shall not be required prior to the issuance of a building permit.~~ Section 3.27(c) does not apply.
 - vii) Where development of a sensitive land use is proposed on a vacant lot of record having an area of 1.0 hectares (2.47 acres) or less and located within the influence area of an existing **pit**, ~~an impact assessment (D-series guidelines) shall not be required prior to the issuance of a building permit.~~ Section 3.27(c) does not apply.
 - viii) An impact assessment (D-series guidelines) shall be required for all newly created lots within the influence area of either a **pit** or **quarry**.
- (d) **Industrial Uses**
 - i) **Class I Industrial Use**

Formatted: Condensed by 0.05 pt

The setback between a sensitive land use and a Class I Industrial use shall be 20 metres and shall be measured from the sensitive land use to the closest lot line of the Class I Industrial Use.

ii) **Class II Industrial Use**

The setback between a sensitive land use and a Class II Industrial use shall be 70 metres and shall be measured from the sensitive land use to the closest lot line of the Class II Industrial Use.

iii) **Class III Industrial Use**

The setback between a sensitive land use and a Class III Industrial use shall be 300 metres and shall be measured from the sensitive land use to the closest lot line of the Class III Industrial Use.

(e) **Water Bodies**

- i) All structures shall be setback from the high-water mark of all water bodies a minimum of 30 metres with the exception of waterfront structures which shall comply with the setbacks established in Section 3.1;
- ii) The setback shall be measured from the shortest horizontal distance from the nearest structure to the high-water mark;
- iii) In addition to the maximum lot coverage provisions in this By-law, the following additional provisions shall apply to any development within 60 metres of the high water mark on a lot abutting a water body; the maximum lot coverage of this By-law shall also be complied with on the basis of including only that portion of the lot area situated within 60 metres of the high water mark for the purpose of the calculation.

(f) **Wetlands**

- i) All buildings/structures shall be setback a minimum of 30 metres from the boundary of all wetlands.
- ii) Permits and approvals may be required from the Conservation Authority for any development, site alteration, or interference within 120 metres of a Provincially Significant Wetland or within 30 metres of an unclassified wetland.
- iii) The setback shall be measured from the shortest horizontal distance from the nearest structure to the wetland boundary.

(g) **Setback from Provincial Highways, Township Roads and Private Lanes/Right of Way**

- i) The setback for all buildings and structures on a lot abutting a Provincial Highway shall be in accordance with the standards set by the Ministry of Transportation.
- ii) The setback for all buildings and structures on lots abutting a Township Road shall be 7 metres.
- iii) The setback for buildings or structures on lots abutting (or bisected by) a private lane/right of way shall be 7 metres for the main use and 3 metres for any accessory use, measured from the edge of the travelled portion of an un-surveyed lane or from the surveyed edge of the right-of-way, whichever is greater.

3.28 Natural Heritage Features and Areas

No use of land, buildings or structures shall be permitted within the distances prescribed below of an identified natural heritage feature unless appropriate permits and approvals have been granted, or as otherwise permitted within this By-law.

Feature or Area:

(a)	Waterbodies and Watercourses	30 metres
-----	------------------------------	-----------

3.29 Natural Vegetation Buffer and Waterfront Activity Areas

The area from the high water mark extending inland a depth of a minimum of 15 metres, for the entire width of the lot, shall be maintained with natural vegetation in accordance with Section 3.29.1 below, subject only to the limited exception of a waterfront activity area as described in Section 3.29.2 below.

3.29.1 Natural Vegetation Buffer

The area from the high water mark extending inland a depth of a minimum of 15 metres, for the entire width of the lot, shall retain natural vegetation, subject only to the following:

- (a) One (1) access corridor not greater than 7 metres in width passing through the natural vegetated buffer shall be permitted to provide an access between the main use of the land and the waterfront activity area;
- (b) A pathway within the access corridor not greater than 2 metres in width is permitted provided it is constructed of permeable material. Permeable material include permeable interlocking concrete pavers, plastic or concrete grid systems, decking, or material deemed satisfactory to the Township;
- (c) Stairs for access to the shoreline are permitted with a maximum width of 2 metres;
- (d) Pruning of trees for viewing purposes is permitted;
- (e) Removal of dead or diseased trees for safety reasons is permitted;
- (f) Stumps should be retained wherever possible;
- (g) Clearcutting is prohibited in this area; however selective cutting is permitted in the area commencing at a point 15 metres inland from the high water mark up to 30 metres from the high water mark;
- (h) Additional tree removal shall only be permitted where trees are marked for removal by a Licensed Tree Marker, Registered Professional Forester or Certified Arborist;
- (i) Notwithstanding the pathway and stairs permitted within the access corridor and permitted waterfront structures, no additional constructed permeable or non-permeable surfaces are permitted within the natural vegetation buffer.

3.29.2 Waterfront Activity Area

A waterfront activity area shall be permitted on waterfront lots, in order to accommodate waterfront structures, docks and other shoreline features including access to the water body.

- (a) A maximum of twenty-five percent (25%) of the shoreline frontage or up to 15 metres of shoreline frontage, whichever is the lesser, may be used for a waterfront activity area for residential use;
- (b) A maximum of thirty-three percent (33%) of the shoreline frontage may be used for a waterfront activity for non-residential uses.

3.30 Open Storage, Sales and Display

No person shall use any lot or part thereof for open storage, sales or display except as permitted by this By-law and as an accessory use to a permitted principal use and in accordance with the following:

- (a) Open storage shall not be permitted within any required front yard and shall not be located closer than 5 metres to any side or rear lot line;
- (b) Where open storage areas abut a Zone in which residential uses are permitted, the required setback of the open storage area shall be increased to 10 metres and must also be visually screened from any Zone in which residential uses are permitted;
- (c) An open storage, sales and display area shall be permitted in association with any permitted commercial, industrial or public service use, provided that the open storage, sales and display area does not occupy any required parking or loading area and meets the required setbacks.

3.31 Parking and Storage of Motor Vehicles

- (a) Except as provided herein, no motor vehicles shall be parked or stored in a Zone in which residential uses are the main use unless the motor vehicle is located within a garage, carport, driveway, or designated parking area;
- (b) No parking space in a Zone in which residential uses are the main use shall be used for the outdoor parking or storage of a motor vehicle unless such motor vehicle is used in operations incidental to the main permitted use of the lot on which it is parked or stored and bears a motor vehicle license plate or sticker which is currently valid (historical motor vehicles exempted);
- (c) Each standard parking space shall have a minimum width of 2.7 metres and a minimum length of 6 metres. Each barrier-free parking space shall have a minimum width of 3.7 metres and a minimum length of 6 metres or in accordance with the Accessibility for Ontarians with Disabilities Act;
- (d) Unless permitted elsewhere in this By-law, where two (2) or more uses are permitted in anyone (1) building or on any one (1) lot, then the off-street parking requirements for each use shall be calculated as if each use is a separate use, and the total number of off-street parking spaces so calculated shall be provided;

- (e) The parking space requirements shall not apply to any building in existence at the date of passing of this By-law so long as the net floor area, as it existed at such date is not increased and no change in use occurs. If an addition is made to the building or structure which increases the net floor area or a change in use occurs, parking spaces for the addition or area changed in use shall be required;
- (f) Parking spaces for single-detached, semi-detached, duplex and converted dwellings, shall comply with the following:
 - i) The driveway and parking space shall be constructed of crushed stone, asphalt paving, concrete, paver stones or similar materials and shall be maintained and treated so as to reduce dust, scattering of stones and similar potentially undesirable effects on adjoining properties;
 - ii) No more than fifty percent (50%) of the area of any required front yard on a non-waterfront lot or fifty percent (50%) of the area of any required rear yard on a waterfront lot shall be used or constructed as a driveway or parking space;
- (g) Parking areas for more than four (4) motor vehicles, shall comply with the following:
 - i) The parking area shall be constructed of crushed stone, asphalt paving, concrete, paver stones, or similar materials and shall be maintained and treated so as to reduce dust scattering of stones and similar undesirable effects on adjoining properties and shall incorporate drainage facilities that comply with the requirements of the Township;
 - ii) Ingress and egress directly to and from every parking space shall be by means of a driveway, lane or aisle having a width of at least 6 metres for two-way traffic and 3.5 metres for one-way traffic where parking is angled;
 - iii) A driveway or lane which does not provide ingress and egress directly to a parking space, shall have a minimum width of 3.5 metres where designed for one-way vehicular circulation or 6 metres where designed for two-way vehicular circulation; and
 - iv) Wherever barrier-free access to a building is required under the Ontario Building Code, one (1) barrier-free parking space shall be provided for every twelve (12) standard parking spaces or part thereof and shall be included in the total number of parking spaces required under the Schedule for Parking Requirements.
- (h) Except where permitted elsewhere in this By-law, the required parking for residential uses of land shall be provided on the same lot as the dwelling unit. In all other Zones, parking shall be provided within 100 metres of the building or lot it is intended to serve, subject to an agreement, deed or renewable lease which provides for same.
- (i) Parking for a water access only lot or a lot on an island shall be provided on the mainland at a secure access point on the same water body. Each required parking space shall be tied in perpetuity to the water access or island lot by

means of a legal agreement registered on title or other legal instrument acceptable to the Township.

- (j) Despite Section 3.32, if the calculation of the minimum parking space requirement results in a fraction, the minimum requirement shall be the next higher whole number. (e.g. 7.23 spaces shall be deemed to require 8 parking spaces).

3.32 Parking Requirements

Part 5 – Overlays

5.1 Overlay Zone Classification

For the purposes of this By-law, the Township of North Frontenac has established overlay(s) to identify areas which may require additional review or studies prior to development. These overlay(s) as named and described in the following sections, the boundaries of which are shown on the **Zoning Schedule** which is attached to and forms part of this By-law.

5.2 Overlay Zone

Overlay Name	Overlay Symbol
Natural Hazards	NH

5.3 Natural Hazards (NH) Overlay

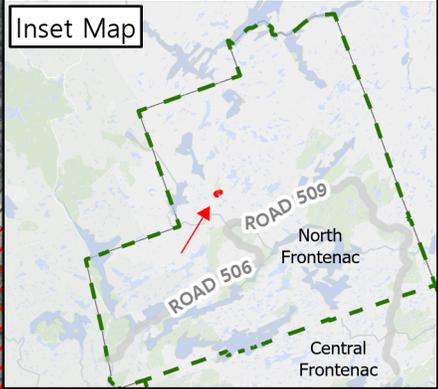

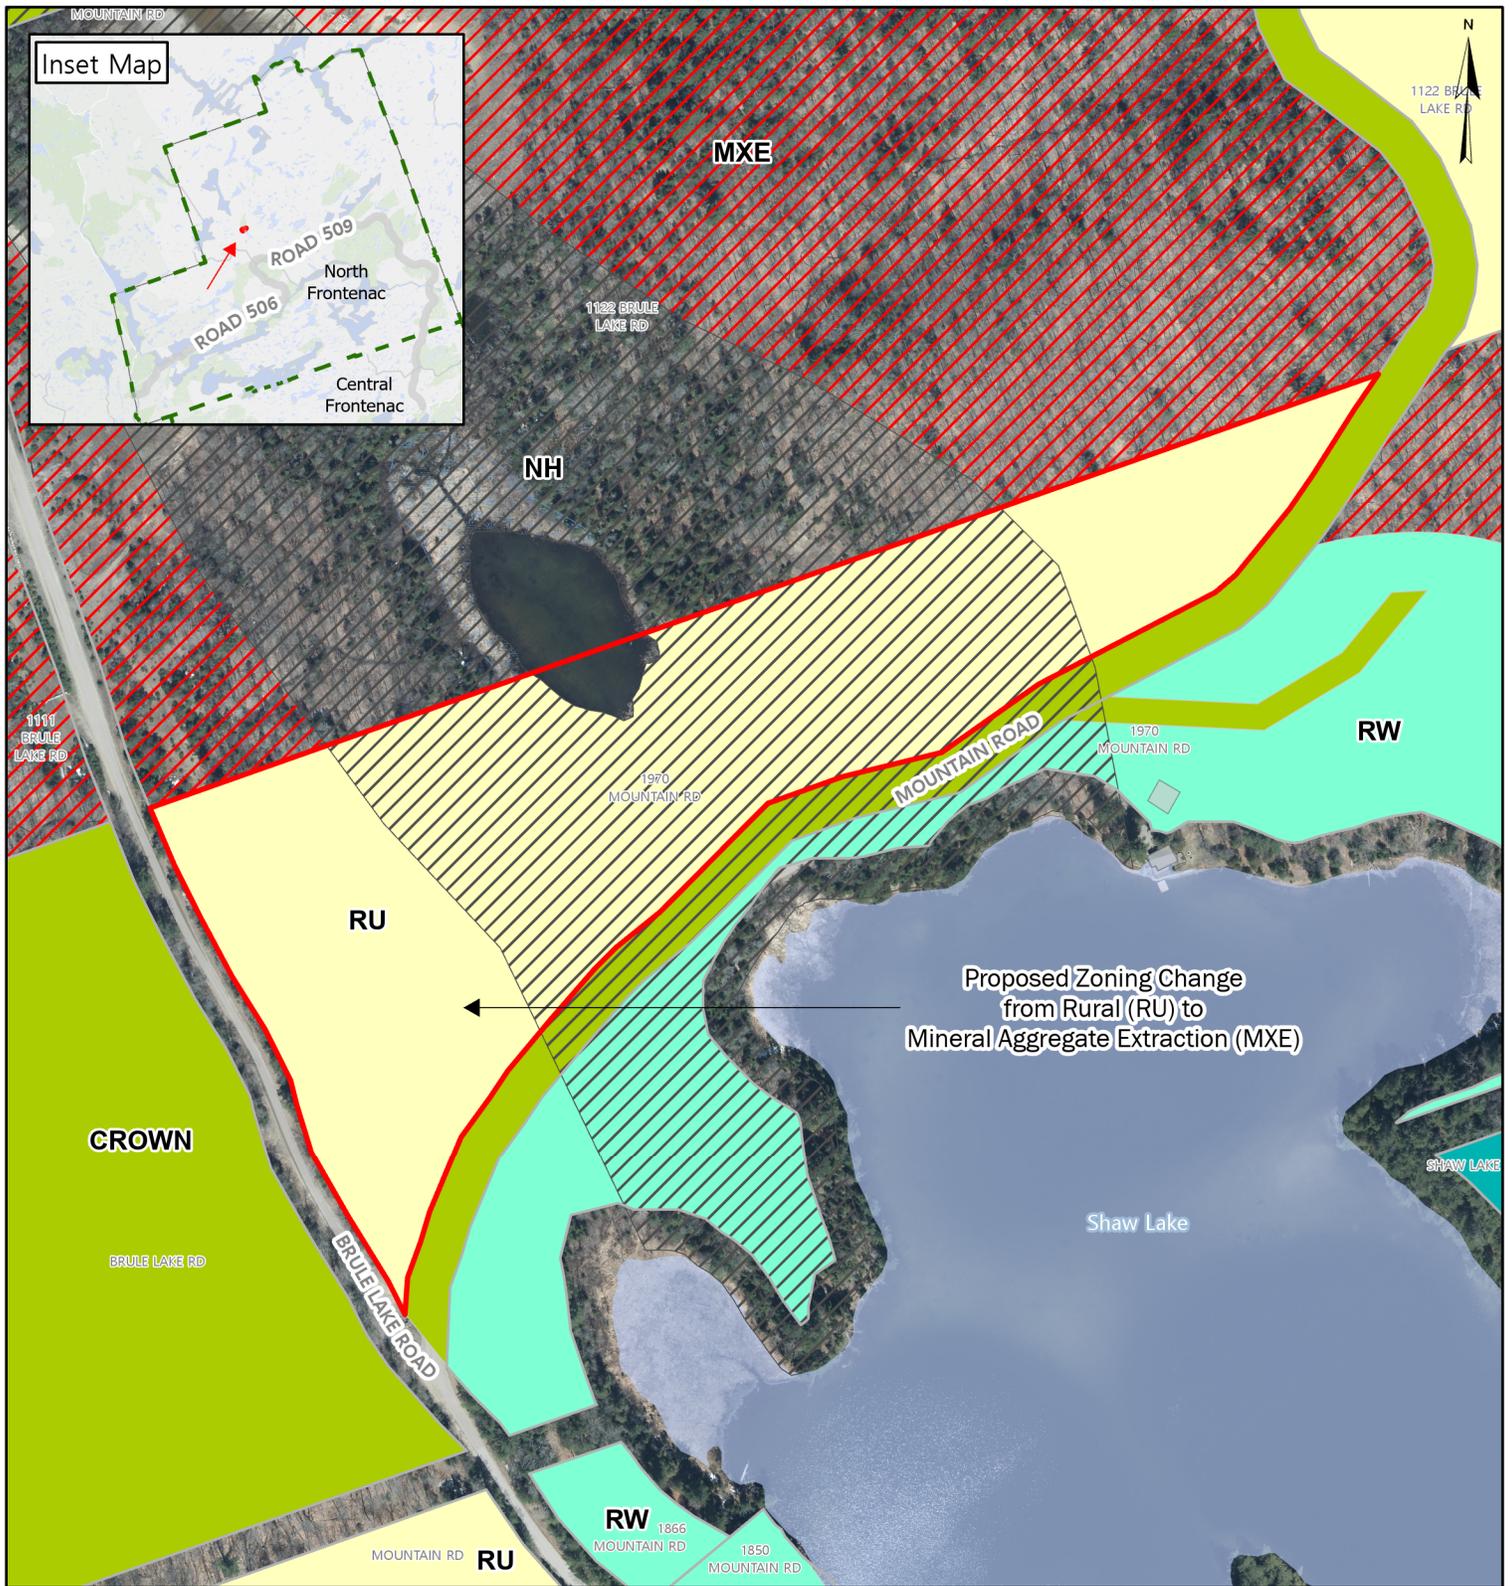

The Natural Hazards (NH) Overlay Zone as identified in Land Use Schedule to this By-law applies to lands that could be unsafe for development and site alteration due to naturally occurring hazards. These may include unstable soils (organic soils), unstable bedrock, or floodplain. The provisions of the Natural Hazard (NH) Overlay Zone shall take precedence over the underlying Zone category requirements.

Permitted Uses – Principal

- No building or structure shall be erected, altered or used except in accordance with the recommendations of an Environmental Impact Study or engineering study undertaken to the satisfaction of the Township. Where it is identified by the Conservation Authority having jurisdiction in the area that no natural hazard is present on the subject property, no study shall be required to be undertaken and the provisions of the underlying Zone shall be in effect.

Permitted Uses – Accessory

- Accessory uses are permitted to an existing principal use.
